To Whom It May Concern,

Please accept this letter as an enthusiastic recommendation of "Everything Goes Estate Liquidations, Inc.

What a pleasant experience!

After 38 years of marriage and two grown children, we found ourselves ready to downsize our home as well as our possessions. Andy Adelson and his team came with a professional plan and a well trained staff to organize our things and maximize the potential for selling them all. They have an experienced eye for merchandising and display that left our home looking like a furniture store with many accessories!

And there didn't seem to be anything that they wouldn't or couldn't sell! From valuable art to gently used kitchen appliances; from a vintage woman's blazer to a vintage camera, they were trained and ready to sell EVERYTHING we offered!

They were also very respectful of our home and belongings! Runners and carpet protection throughout, and trained salespeople in each are protected our things as controlled numbers of people were let in the house.

The end of the sale came, and they were cleaned up and out in 30 minutes! As a matter of fact, we were so pleased with the service that we had Everything Goes move a couple of pieces from our business when it closed. We knew that this company could be trusted with family pieces and sentimental favorites.

We HIGHLY recommend Everything Goes, and would certainly use them again!
